Re: Case No.05-1740-E-CS—Liberty Gap Wind Force LLC—Siting Certificate; Pendleton County

Resignation as Intervenor; Support for FOBPC and Opposition to Project

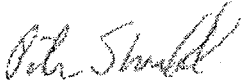

Dear Ms. Squire:

I am resigning as an intervener in this case on behalf of the West Virginia Highlands Conservancy. We will no longer be a party-of-record in this case. Early in the case, we were denied an active role in this case because we lacked counsel. As we originally stated, we were not in a position to raise the funds required for legal representation.

We are supporting FOBPC in what ways we can and opposing development of the Liberty Gap wind project principally for reasons of viewshed, wildlife impacts, cultural and historic impacts, and hydrologic and geologic hazards.

I personally own land and a cabin in the Goshen Ridge section on the crest of North Mountain, about five miles from the site and expect to be severely effected.

Sincerely yours,

Peter Shoenfeld
