SUBJECT: CASE NO. 05-1740  
PROPOSED LIBERTY GAP WIND PROJECT  
PENDLETON COUNTY, WV

Sandra Squires, Executive Secretary  
WV Public Service Commission

Dear Commissioners,

We wish to go on record as being against the Liberty Gap Wind Project.

How can such a costly project be financially and electrically beneficial when the turbines only turn when the wind blows. Having grown up in Pendleton County, I, Lois, can assure you that we were rarely aware of having a windy day. I am afraid that the only financial benefit will be to those who might be contractors for such a project.

Please consider the many negatives of this project and do not approve it.

Sincerely,

*Lois T. August*  
*Albert T. August III*
