Charleston, WV 25323

Dear Ms. Squire:

Subject: Case #05-1740 - Liberty Gap Wind Force, LLC

As a resident of Pendleton County, I am opposed to the introduction of industrial wind turbines into the most scenic and most beautiful county in the entire state of West Virginia.

I also am greatly concerned the affect wind turbines will have on wildlife. Migratory birds and bats to mention a few. The many caves of Pendleton County are home to thousands and thousands of bats.

The mountains and streams of Pendleton County offer a get-away and tranquility to numerous out-of-state visitors. Many return to purchase property and build vacation or retirement homes. I do believe wind turbines would have a negative impact on this.

Sincerely,

Peggy A. Bennett
