Dear Ms. Squire,

Every time we open our Wild and Wonderful West Virginia magazine we see lovely photographs taken in Pendleton County. We have family and friends throughout the state and on visits there always drive through Pendleton County. For years we have camped there and have always enjoyed the lovely scenery. My husband's grandparents had a farm in nearby Hampshire County and we always feel at home when taking drives around those lovely farm communities. Please do not allow those wonderful mountains to be destroyed by those ugly wind turbines.

Yours truly,
